

Licznik HG01EM

category: Kategorie > Mierniki - Multimeter

QR code:

Plug-In Mains Power and Energy Monitor. Measures voltage (V), Ampere (A), Watts (W), Volt-Ampere(VA), Hertz (Hz) and power factor (PF). Ideal to check how much power your appliances are consuming. Maximum current: 16A/ maximum power: 3680W.

Technical specifications:

- Power supply 240V AC 50Hz
- Max. load 16A, 3680W
- Voltage range 200-276V AC, accuracy +/- 0.5% max
- Current range 0.005-16A, accuracy +/- 0.5% max
- Power accuracy +/- 0.5% max
- Accumulative electric quantity range 0-9999.9kWh
- Frequency range 45-65Hz
- Clock accuracy max +/- 1minute per month
- Power cost • Operating temperature -10°C to +40°C
- Battery 3.6V NI-MH, Rechargeable battery
