

OPTICUM SEJF COMPACT Safe Compact

category: Kategorie > OPTICUM Red Eagle

QR code:

The Opticum COMPACT safe has been designed with the most important and valuable items in mind, which require special security. It is ideal for storing documents, tablets, cameras, mobile phones, jewellery or money, among others. The safe has LED lighting inside which is active for 25 seconds after opening the door. Electronic lock with a 3-8 digit access code for multiple programming, keypad lock after the third incorrect code entry, light and sound signalling of code entry, incorrect code selection and low battery power, power supply: 4 LR6 AA/1.5V batteries. Solid steel construction, emergency opening with a key, includes fastening elements.

Technical data: • Opening and closing the safe with a 3-8 digit code • 2 pins 13.5mm • 3 light indicators (green, red and yellow) indicating confirmation (opening), low battery and incorrect code • "Reset" button for easy code change • Holes for securing the safe to the floor/wall • Internal dimensions: 148x228x120mm • 2x spare keys • Key hanger (for up to 3 keys) on the inside of the door • 4x AA batteries included
